

JOB DESCRIPTION

PHYSICAL ACTIVITY SPECIALIST (WEIGHT MANAGEMENT)

MAIN PURPOSE

To provide a key role as a Physical Activity Specialist within Cambridgeshire and Peterborough Lifestyle service primarily supporting delivery of the Everyone 'Your Shape' Tier-2 adult weight management service. This multi-component service will provide prevention and early intervention services, specifically targeting those at high risk of obesity. This post will:

- In line with NICE guidance, be responsible and accountable for the delivery of a high quality, evidence-based physical activity and prescribed exercise service for adults, for those seeking weight loss interventions within the Tier 2 Weight Management Service.
- Working as part of a multi-disciplinary team (MDT), provide specialist prescribed exercise and support (1-2-1 and group) across Tier 2 regarding the benefits of, and opportunities to reduce sedentary behaviour and increase habitual levels of physical activity, to ensure excellent patient healthcare and contractual outcomes.
- Play a pivotal role within an innovative, forward thinking and dynamic multi-disciplinary team and integrated service in Cambridgeshire and Peterborough.
- To support the physical activity element of the School Time Obesity Prevention (STOP) programme.

SUMMARY OF RESPONSIBILITIES AND DUTIES

Responsible and accountable for:

- To plan, organise, deliver and evaluate the physical activity and prescribed exercise element of the Tier 2 Adult Weight Management Programme
- Provide comprehensive assessment and provision of individual physical activity advice and exercise prescription, together with on-going support to patients, in group and 1-2-1 settings implementing skills and knowledge of behaviour change theories.
- Ensure exercise prescription is continually monitored and progressed / regressed, to reflect individual needs.
- Support the physical activity development, delivery, evaluation and quality assurance of the integrated service and provide key physical activity expertise to the MDT and other colleagues within the service, ensuring excellent service delivery.
- Facilitate and empower patients to change behaviour and adopt positive lifestyle changes by providing health education and evidence-based advice regarding increasing habitual physical activity, helping patients to address barriers to change.
- To conduct on-going specialist physical activity support for those accessing the service including patient reviews and on-going case management, through 1-2-1 support where required, or support delivery of group sessions, for those who require this level of intervention.

- Contribute to 'board meetings' to discuss caseloads, care plans, case management and specific patient care including discharge planning, on-going management in conjunction with other relevant professionals.
- Accountable for ensuring programme delivery is monitored using validated tools to collect and analyse patient performance outcome measures and evaluation, to ensure that the contractual KPI's are achieved and an excellent service is demonstrated; critical and rigorous implementation of all physical activity and functional capacity measures at key milestones across the services, ensuring excellent recording, monitoring and reporting on patient outcomes.
- Utilising the Everyone Health data collection system and internal reporting procedures to ensure rigorous data collection processes are robust, to evidence service efficacy through generation of excellent health outcome data, contributing to an internal qualitative and quantitative evidence base, and demonstrate best practice and value for money.
- Keep accurate records and written reports, ensuring patient personal information is recorded in accordance with Everyone Health's and Local Authority policies; Caldicott Guardian, Information Governance, Data Protection and Data Sharing compliance.
- Work with the Clinical Governance manager to achieve continual service improvement and client/patient-centred services in accordance with participant feedback, NICE guidance, national and local recommendations, professional competences and SLM policies and procedures.
- Be compliant with all relevant policies, procedures and guidelines; including the appropriate code(s) of conduct associated with this post; maintain awareness of safeguarding issues, report and acting on concerns in accordance with Everyone Health and Local Authority policies and procedures.
- Ensure the safety of all patients by undertaking: risk assessments, health and safety checks, equipment checks etc., as directed by the Weight Management Coordinator and Service Manager. Respond to any relevant clinical / colleague issues / incidences to manage a mitigate risk, and maintain best practice.
- To have sound knowledge of common co-morbidities associated with obesity and the ability to liaise with the GP and other health professionals / agencies as necessary.
- Work as a cohesive member of the team through regular communication and liaise with community partners and referrers to ensure the successful recruitment and retention of patients within the service, supporting integration and shared learning across the 3 Tiers.
- To be responsible and accountable for achievement of relevant contractual targets including referrals, uptake, completion percentage targets and effective outcome measures, through delivery of high standard nutritional care.
- Support community engagement: build a network of key contacts and undertake networking publicity and promotional activity to raise the profile of the service and to identify and engage with target populations.
- Respect colleague's professional roles and scope of practice, ensuring a supportive and proactive member of the multi-disciplinary team.
- Take responsibility for own CPD and participate in Everyone Health's induction, training and continual professional development as required; recognise and work within own competence and professional code of conduct as regulated by professional body.
- Evaluate patients' response to health care provision and the effectiveness of care.
- To work within the requirements of the 6 C's: care, compassion, competence, communication, courage and commitment.

- Ensure that commitment to equality and diversity is reflected at all stages of project planning, delivery and evaluation, in line with agreed service standards.
- Support in administrative duties related to the patients where necessary, for example letters to referrers, follow up phone calls, motivational text messages as required.
- Prioritise, organise and manage own workload in a manner that maintains and promotes high quality.
- Be an ambassador for Everyone Health, promoting the Lifestyles and Weight Management Service to members of the public and other stakeholders/ partners, where appropriate.
- Contribute to the growth of Everyone Health by working collaboratively with Managers / colleagues to develop and have some responsibility for an expanding portfolio of services and products.
