

Did you breastfeed your child?

Volunteers wanted... Breastfeeding Buddy

If so, you could be just who we are looking for!

- Are you a good listener and communicator?
- Can you actively listen and respond without judgment?
- Do you have a willingness to support people from a diverse range of backgrounds and cultures?
- Are you reliable, dependable and flexible?
- Full training will be provided, and all volunteers must undergo an enhanced DBS check. Whilst this is not a paid position, volunteers can claim reasonable out of pocket expenses.
